

ME 121 Final Peer Review: 5% of final course grade

Please write down your name, and the names of all of your teammates. Next to each name, INCLUDING YOURS, please put a number from 0 - 10, based on this approximate scale:

- 0 This person has not yet contributed any meaningful effort to the final project
- 5 This person has contributed some meaningful effort, but less than half of the effort contributed by the strongest member of the team.
- 7 This person has contributed an average amount of effort and time, and did what was asked of him/her by the team, but did not go beyond a satisfactory contribution.
- 10 This person has gone above and beyond what was expected by the team both in quantity and quality of effort. This person put in extra hours to ensure the success of the project, and made continuous positive contributions to the decision making and management of the team.

Please also include any comments you'd like to include with your evaluation. This will all remain confidential between the instructors and the grader.
